A change to our on site Defibrillators

Phillips, the supplier of our internally sited defibrillator has discontinued providing parts and supplies for this device. However, the defibrillator that is

outside on the wall, on the way into church, is fully functional and we can maintain it.

In the case of an emergency, phone 999, say where you are and ask for the code number to open the door of the yellow cabinet to remove the device from inside. Then take it to the site of the emergency.

Our obsolete internal device will be recycled via the Scottish Ambulance Service.

Four Churches Prayer Time
